The **Pioneer 1200 PC Low Ground Pressure Personnel Carrier** base weight is **8,500 lbs.** Available **payload** is **1,600 lbs.** Available tracks are **28" symmetric winter track or 36" asymmetric winter tracks, 29" or 33" high profile all season rubber tracks with heat treated aluminum inserts or 33" D-Dent track.** **Maximum speed** is **16 mph.**

A 2 man or a 4 man closed cab is available with an optional deck. The Pioneer 1200 PC will **climb 100%** (45°) **vertical** and **75%** (37°) **side slopes.** **Ground pressure** at **1.05 PSI** with **36" tracks** and **1.36 PSI** with **28" tracks** provides for excellent flotation. **UTV has switched to Tier 4 engines** as per EPA mandate and **DEF tanks are installed.** The Tier 4 Pioneer 1200 PC features a **134 HP** Deutz AG **electronic** engine which combined with the completed unit weight of approximately 8,500 lbs gives a greater power to weight ratio than any other tracked personnel carrier. The difference when climbing hills in your area will be noticeable.

All UTV items are under **warranty for one full year.** The **Engine is guaranteed by Deutz for one full year** from the date that you take possession of the vehicle, a second year or 2,000 hours on all engine components and a **third year or 3,000 hours** on main engine components: Crankcase, Crankshaft, Camshaft, Connecting Rods and Cylinder Head Casing.
